Safety & Security Accessories

Graphene Coating

Features

- The Graphene Coating. This advanced coating boasts an impressive 10H hardness (SGS-testing agency certified),
- Offering unparalleled protection and durability, with a 3-year warranty
- Maintains high gloss of vehicle and enhances the look of Paint work.
- Protects vehicle from Harmful UV rays.
- Protects from Chemical strains.
- Protects from minor scratches and swirl marks.

Benefits

- Product Approved by Mahindra R&D with Competitive Pricing for Customer
- Graphene coated accidental vehicle; it's panel will be recoated without additional cost (Up to 6 panels in 3 years)
- Vehicle Exterior paint warranty will remain intact.

Technical Specification

Graphene derived from graphite, composed entirely of pure carbon—the same element found in a pencil's lead. Its unique structure consists of a single layer of carbon atoms arranged in a hexagonal lattice, delivering exceptional strength, flexibility, and conductivity.

Coating thickness is 3 mic ~ 5 mic.
